ONGOING MAJOR PROJECTS

1. Andhra Pradesh Community Managed Natural Farming (APCNF)

The Government of Andhra Pradesh introduced Zero Budget Natural Farming (ZBNF) in 2016 as an alternative to chemical-based agriculture. Later on, the name was changed to Andhra Pradesh Community Managed Natural Farming (APCNF). APCNF is a paradigm shift in agricultural development. The main objective of APCNF is to make agriculture economically viable, agrarian livelihoods profitable and climate resilient. APCNF aims to reduce cost of cultivation, enhance yields, increase incomes, reduce risks, and protect agriculture sector from uncertainties of climate change by promoting the adoption of an agro ecology framework. APCNF is supported by the Government of India through Rashtriya Krishi Vikas Yojana (RKVY), and Prime Minister Krishi Vikas Yojana (PKVY). APCNF is also supported by Azim Premji Philanthropic Initiatives (APPI), Sustainable India Finance Facility (SIFF), an innovative partnership between UN Environment, BNP Paribas the World Agro Forestry Centre and KfW. A study to IDS has been assigned by Rythu Sadhikara Samasta (RySS), Department of Agriculture, Government of Andhra Pradesh for assessing the impact of APCNF on the farming and farmers in Andhra Pradesh. This study evaluates advantages of natural farming and tracks the changes in APCNF farming over time.

2. Andhra Pradesh Micro Irrigation Project (APMIP)

Third Party field inspection of Micro irrigation Systems Installation under APMIP in state of Andhra Pradesh

Govt. of Andhra Pradesh has been aiding under APMIP on Micro Irrigation systems of i.e., Drip and Sprinklers to increase water use efficiency, productivity & fertilizer efficiency and thereby increasing the income of the farmers. The Department of Horticulture Government of Andhra Pradesh has called for 3rd party evaluation. This task has been assigned to IDS, Andhra Pradesh. The purpose of the 3rd Party Inspection is to provide verification and ensure technical quality assurance for the MI systems installed under the project. These efforts provide an opportunity for better interaction among the stake holders leading to more productive and sustainable usage of resources created through the scheme. The feedback on the implementation of the project may facilitate appropriate corrective action at the appropriate time.

He got his doctorate in Economics from Andhra University.

Subbarao went in as Governor of the Reserve Bank of India just a week before the global financial crisis erupted in mid-September 2008, and he led the effort to mitigate the impact of the crisis on the Indian economy and to institute economic and financial sector reforms reflecting the lessons of the crisis.

Subbarao was alternate Governor for India on the Governing Boards of both the World Bank and the IMF. He participated actively in the G 20 meetings, the meetings of the International Monetary and Financial Committee (of the IMF), bi-monthly meetings of Governors at the Bank for International Settlements (BIS) in Basel and a host of other international committees and conferences where his views were respected for the emerging market perspectives, he brought to bear on issues in global policy coordination.

Subbarao's book "Who Moved My Interest Rate" chronicling his experiences in leading the Reserve Bank of India through five turbulent years, is best known for the way he explained the policy dilemmas and challenges facing an emerging economy central bank in a globalized world.

After stepping down as Governor, RBI, Subbarao was a Distinguished Visiting Fellow at the National University of Singapore (2014-18), and most recently at the University of Pennsylvania (2019-20).
